Attn: Thomas Preston

Dear Tom..

Thanks for the chocolate bar.

As to a testimonial, where do I begin?

Many years ago Dura-Ply re did a leaking roof on a large commercial building I owned On York St. in.Elmhurst, Il.. and as far as I know, twenty years later, That roof is still not leaking. I used to have Dura-Ply come out twice a year to check, And NO LEAKS..

I own a flat roofed home in Elmhurst, as part of a town home association. We had Lots of leaks. We had a special assessment of \$10,000.00. for new roofs. I had Tto pay that amount, but I insisted that I wanted Dura Ply to do my roof.. I i Paid Dura-Ply myself. The townhome Association used another roofer, and they Had has problems ever since. Dura Ply comes out twice a year to my home and Checks the roof.

I am a member of the Board of Trustees at Elmhurst College. A number of years Ago, we needed a new roof on our Science Bldg.. I persuaded the College to Invite Dura-Ply to bid. Dura-Ply won, and did a great job on a very complicated Roof on the Science Bldg.

DURA-PLY is the BEST..

Sincerely,

Abner Ganet
